Buchanan was suspended from riding for any one except Sam Hildreth, his employer, at this meeting on Tuesday. His riding here of late has not been up to the standard, and he was warned on numerous occasions to be more careful with his work. Buchanan is under contract to ride for Tichonor & Co. for next season at a salary of 210,000. No action was taken in the case of Jockey Rediern's father, who openly ac-cused J. F. Hocker, owner of Pyrrho, of send-ing him to the post "dead."

There was decided improvement in the course this afternoon and the racing was good Henry McDaniel was the odds on choice in the Uird. After holding a brief argument with Right and True for a quarter he managed to shake off the McCafferty colt and opened up a gap of a length and a half. As the stretch was reached Odom swung a bit wide and lost the lead, but only for an instant, as he again went to the front and landed home a clever winner by a length. Toga managed to secure the place.

Blue Baze was lavorite in the opening race, waited on Annie Lauretta and Eliza Dillon for a half and then went to the front and won in a gallop from Eliza Dillon, who easily secured the place from Zack Ford. Miss Hume, who has been a good thing every time that she has started, at last found conditions to suit her. She won in a gallop from Jerry Hunt. The fifth race was won by Chickadee, who was under wraps, from Mosketo. The closing event was taken by the odds-on favorite Flintlock in a walk from Bensen Caltwell.

openly declared war on John J. Ryan, the present operator of the Newport racetrack. When Ryan offered a small price for Ben-nett's stock the latter at once sought to buy nett's stock the latter at once sought to buy
up a controlling interest:
Bennett has closed a deal for \$12,000 worth
of Newport stock. The purchase was made
from Tom Costello, who is said to have been
interested with Ryan in the Newport meeting. Whether or not this gives the local
man a controlling interest he would not say,

Dr. Lasker had white and played a Gnoco Pano. He had to resign in thirty-turee moves. Of his opponents only three succeeded in making a draw and the other twenty-one were beaten easily by the master. H. H. White of the facton A. A. playing an irregular game; F. K. Foster with a Pay Lopez and B. A. Smalley, with a Queen's Gumbit, drew their games.

A number of does to be exhibited at the Westminster Kennel Club show were on the Oceanic, that got in yesterday. George Raper, who is not to be a judge this year, had several of the dogs in charge.

GOSSIP OF THE RUNNERS. Senator W. A. Clark Will Have a Big Racing Stable in the East.

Senator W. A. Clark of Montana, according to a report current among turfmen yester-diy, has decided to build up a large racing stable, beginning this year, with which he intends to operate exclusively on Eastern tracks. It is said that the Senator has con-sulted both F. R. Hitchcock and P. J. Dwyer as to the material he should secure and has also opened negotiations with Lew Elmore to train his horses, who will also have a say in the purchases for the stable. Senator Clark is anxious to rival W. C. Whitney August Belmont, L. V. Bell, J. B. Haggin and other prominent turfmen and with this end in view he intends to buy some good yearings, two-year-olds and several high-class handicap horses at the spring sales. gets wha the wants, he will probably be a subscriber to the Saratoga Stakes, which do not close until the arly part of next mnonth other prominent turfinen and with this end in view he intends to buy some good yearlings, two-year-olds and several high-class handicap horess at the spring sales. If he gets whet he wants, he will probably be a subscriber to the Saratago stakes, which do not close until the early part of next month.

An argument has been set forth that to buy McChesney for \$35,000 would be a rather poor investment, for the reason that no rich stakes are open to him and that the handicapper would take care to weight him heavily in such hie events as the Brocklyn Serburban Metropolitan and Brig ton Handicaps. As an illustration it is pointed out that the inte Pierre Lorillard paid \$30,000 for Lamplighter only to receive a small return for his investment. Turfmen say that once a horse passes the three-year-old mark his chances for winning are materially lessened and for that reason his value decreases.

Jockey Hal Booker has signed to ride for Charley Ellison this year. The boy is a brother of Arthur Booker, who was killed at Gravesend last season.

A number of well-known racing men will sail for Europe to-morrow on the steamship Blucher. The party will consist of Fred Taral, Billy Donohue, Johnny Campbell, who trained Ogden when he won the Futurity, will train a stable in France this year. Armstrong will act as his foreman and Hughes, who can do 83 pounds, will ride for him. Donohue, who rode the famous mare Girofle-Giroth when she beat Barrett at Sheepshead Bay years avo and won \$150,000 in bets for Plunger Walton, will also go to France, where he expects to train. Taral goes back to Austria, where he enjoyed great success in the saddle last year.

ROSTON, Feb 5 .- "Andy" O'Dea, the rowing coach of the University of Wisconsin, was several days. He has placed an order for a new eight-oared shell with Davy of Cam-bridge, who is also building a new shell for Vale. O'Dea said that at Wisconsin there are more candidates out for the crews than

are more candidates out for the crews than for any other brunch of athletics. When asked if there was any truth in the rumor that Wisconsin intended to withdraw from the Poughkeepsie regatta because she was not allowed to jon the Intercollegiate Howing Association, O'Dea replied:

"That was only newspaper talk, We would wave nothing to gain by being admitted to membership in the association, and if there was any advantage to be gained, it would be in securing expense money, but the railroads take all the money, and there is no guarantee fund. We get as good treatment as any of the other crews and we are perfectly satisfied with the present arrangement."

Referring to fcotball, O'Dea said; "We will lose Phil King, our head coach, but Curtiss, who will take his place, is a graduate of Wisconsin, and one of the best players we ever turned out. He coached Kansas last year. We had several Eastern college coaches under consideration, but decided to adopt the graduate system in football."

Columbia Gymnasts Debarred.

On the eve of the dual symmatic meet between Columbia and Yale, the Columbia faculty committee on athletics has announced that three of the best men on the local team have failed to completely satisfy its long list of eligibility rules and are therefore deof eligibility rules and are therefore debarred from competing against Yale to-night.
The men who are placed under the bin are
Clifford T. Swart, '03 science. Rollin H. Wiggin, '05 college and Eugene Ashley, '04 science.
It is said that their principal offence is a failure
to satisfy the so-called "valedictorian rule,"
which requires a student to pass in so per cent,
of his college work before he can take part
in Columbia athletics.

Swart and Ashley were Columbia's mainstays on the flying rings, as ex-Capt, Victor
de la M. Earle has been suffering from the
grip. Julian C. Smallwood and E. Ward,
substitutes, will enter in this event. Wiggin
is a tumbler whose absence will be severely
felt and in addition Ashley was counted on to
perform on the horizon'al bir. Webster
L. Benham, who won the intercollegiate
championship on the parallel bars last year,
announces that the will be unable to compete
to-night, so that Columbia's chances of a
victory seem very stim.

map so widely that when the motors start the dissecting saws in the 15 New York Regal Stores, at 12 o'clock noon, it will then be 4.55 o'clock evening at the London store; 8.46 o'clock morn-

ing at San Francisco store; 9.56 o'clock morning at Denver store; 11.06 o'clock morning at Chicago store.

In the windows of each store there will, at 12 o'clock, be a man, -a circular saw, - and a collection of well known \$3.50 to \$6.00 shoes.

What the man will do to these shoes, with that Regal saw, will open the eyes of the public, and show up the POOR materials people have been paying good money for.

This shoe dissection will uncover the cheap substitutes for Oak tanned leather used, under the finish. in ninety per cent. of all \$3.50 shoes.

It will expose the flimsy insoles, - pieced and patched vamps under toe caps, - card board toe-boxes, - poor lasting and stitching, concealed by superficial veneer, and which are responsible for the SHORT WEAR and early loss of shape in most shoes.

"The window of the sole" on Regal shoes, will also be explained, so that in future you may know whether or not there is genuine Oak leather in the soles of shoes BEFORE YOU PAY FOR THEM. From 12 till 2 o'clock Friday - Please note it!
